CHILD PROTECTION POLICY STATEMENT

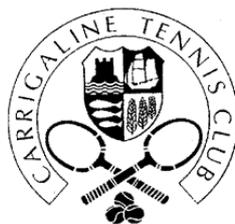

Carrigaline Tennis Club is fully committed to safeguarding the wellbeing of its members. Every individual in the club should at all times show respect and understanding for their rights, safety and welfare, and conduct themselves in a way that reflects the principles of the club and the guidelines contained in the Code of Ethics and Good Practice for Children's Sport.

Standards set by Carrigaline Tennis Club will be achieved through ensuring the Club:

- Adopt and implement the Code of Ethics and Good Practice for Children's Sport as an integral part of its policy on children in the Club.
- Permit all members over 16 years of age to vote, where possible, in the running of their junior section. One parent/guardian should have one vote for all their children under 16 years of age, where relevant.
- Ensure that the Club Management Committee is elected or endorsed by registered club members at each AGM.
- Adopt and consistently apply a safe and clearly defined method of recruiting and selecting Sports Leaders
- Clearly define the role of the committee members, all Sports Leaders and parents/guardians.
- Appoint/Reappoint at least one children's officer at the AGM as outlined in the Official Guidelines & Code of Ethics. In the event that a club caters for both boys and girls, one children's officer of each gender should ideally be appointed.
- Appoint one of the Children's Officers to act as Designated Officer to liaise with the Statutory Authorities in relation to the reporting of allegations or suspicions of child abuse. Any such reports should be made according to the procedures outlined in the Official Guidelines & Code of Ethics.
- Ensure best practice throughout the club by disseminating its code of conduct, including the disciplinary, complaints and appeals procedures in operation within the club to all its members. The club's code of conduct can be found by the First Aid station in the clubhouse & can also be viewed on the juniors section of the club's website: www.carrigalinetennisclub.com/juniors.htm
- Have in place procedures for dealing with a concern or complaint made to the Statutory Authorities against a Committee Member or Sports Leader. Regulations should stipulate that a Sports Leader, who is the subject of an allegation which has been reported to the Statutory Authorities, should stand aside while the matter is being examined. S/he should be invited to resume full duties immediately if s/he is vindicated
- Ensure that relevant Sports Leaders report to the Club Management Committee on a regular basis.
- Encourage regular turnover of committee membership while ensuring continuity and experience.
- Develop effective procedures for responding to and recording accidents/ incidents.
- Ensure that any unusual activity (high rate of drop-out, transfers, etc.) is checked out and reported by the Designated Officer to Tennis Ireland.
- Ensure that all club members are given adequate notice of AGMs and other meetings.
- Ensure that all minutes of all meetings (AGMs / EGMs / Committees) are recorded and safely filed.

This policy applies to all those involved in Carrigaline Tennis Club, coaches, administrators, officials, volunteer drivers, parents and young people.

Copies of the full policy and detailed guidelines on recruitment, reporting, recording accidents/incidents, bullying, away trips and use of photography are available from the designated person or any club official.

Please refer to the Official Guidelines & Code of Ethics for further information on our Child Protection Policy located 1) by First Aid station in clubhouse & 2) on the club website www.carrigalinetennisclub.com/juniors.htm

EQUALITY STATEMENT

All children should be valued and treated in an equitable and fair manner regardless of ability, age, sex, religion, social and ethnic background or political persuasion. Children, irrespective of ability or disability should be involved in sports activities in an integrated and inclusive way, whenever possible, thus allowing them to participate to their full potential alongside other children (Code of Ethics and Good Practice for Children's Sport 2000)

Carrigaline Tennis Club recognises the additional vulnerability of some children and the extra difficulties they may face when seeking help, i.e.

- Dependency due to disability may make some children feel powerless
- On occasions possible limited ability to communicate their feelings
- A negative self-image can make children vulnerable to manipulation by others.

To address this vulnerability coaches will seek guidance on working with children with a disability from external agencies, parents / guardians and the children themselves.

CONFIDENTIALITY STATEMENT

We at Carrigaline Tennis Club recognise that the legal principle that the welfare of the child is paramount means that consideration of confidentiality should not be allowed to override the right of children to be protected from harm. Everyone in our organisation, including children, must be aware that they can never promise to keep secrets. However, information of a confidential nature will only be communicated on a 'need to know' basis.

REPORTING PROCEDURES

Guidelines For Reporting Accidents

In the event of an accident, the following procedure will be carried out:-

- Fill in 2 copies of the Accident/Incident Form (see page 7) for ALL accidents
- Make contact with parents/ guardians
- One copy of form to incident book/ folder
- Forward 1 copy to Children's officer for record keeping/ action required
- Contact emergency services/ GP if required
- Record in detail all facts surrounding the accident, witnesses etc.

Guidelines For Reporting Allegations/ Incidents

- Record all incidents reported or observed on an Accident/Incident Form (see page 7)
- 1 copy to Children's officer
- Ensure confidentiality - only "need to know basis" (reference confidentiality clause)

The designated person will be responsible for storing any report in a safe and secure environment.

Guidelines For Responding To A Child Reporting An Incident

DOs

- Stay calm
- Listen & hear. Give the person time to say what they want
- Reassure them that they have done the right thing in telling and that it will be dealt with appropriately
- Record in writing what was said as soon as possible
- Report to someone else in the organisation - "the designated person."
- Record your report.

DON'Ts

- Panic
- Promise to keep secrets
- Enquire into the details of the abuse
- Make a child repeat the story unnecessarily.

Confidentiality - Who Needs To Know What?

Tennis Ireland has a clear statement about confidentiality and how this is to be respected. This statement covers much broader issues than child protection. We insist that families and children in contact with our organisation are sure, for example, that personal and sensitive details which they have confided about their lives or their family situations will not be talked about or passed onto others without their consent.

However, the legal principle that the welfare of the child is paramount means that consideration of confidentiality should not be allowed to override the right of children to be protected from harm. Everyone in our organisation, including children, must be aware that they can never promise to keep secrets. However, information of a confidential nature will only be communicated on a 'need to know' basis. Your statement of confidentiality should make this clear.

In any situation where there is an allegation of suspicion or abuse, it is important that the rights of both the victim and the alleged perpetrator are protected by ensuring that only those who need to know are given the relevant information.

This will mean, at the very least, informing:

- the person responsible for child protection in our organisation;
- where relevant, a statutory child protection agency;
- the parent of the child;
- the alleged perpetrator.

You should inform the parents unless doing so would endanger the child. Informing the parent of the child about whom you are concerned will need to be handled in a sensitive way and may be undertaken in consultation with a statutory agency.

Any individual under suspicion whether or not s/he is a staff member or volunteer within your group has a right to be notified of the cause of the concern unless to do so would place a child at risk. This matter will need careful consideration and should only be undertaken in consultation with a statutory agency or Tennis Ireland Children's Officer.

Depending on the outcome of our initial inquiries, staff and other agencies who have contact with either the child concerned or the alleged perpetrator may need to be given brief details of the incident and subsequent action. The statutory agency will advise you right about who needs to be told, when they should be told, and the kind of information which is appropriate to be communicated.

All information of a personal nature will be stored in a safe and secure setting. Those who will be given access to this information will be;

- Club children's officer
- Club secretary for mailing addresses, fees etc.
- Club coaches for information relating to a child's ability to participate in an activity/ residential.

Reporting Procedures About Behaviour Of A Club Member/ Coach

If you do not know who to turn to for advice or are worried about sharing your concerns with a senior colleague, you should contact the Statutory Services direct (or the NSPCC/ISPC or Childline.) At any stage during the process in the left hand column the issue can be referred externally either formally or informally for advice. Following the external (right column) outcome the matter may be referred back to the club's Disciplinary Committee.

POSITIVE DISCIPLINE

No two children are ever the same and there is no exact science as to how a child will respond to certain coaching styles or discipline. One thing that is clear is that negative put-downs, shouting or even physical punishment (such as extra laps of the track / push-ups for misbehaving) will not improve a child's belief in themselves or how they value the opinion of their coach. It may well increase the child's fear of the coach but it will not increase the child's desire to remain involved in the sport.

The use of sanctions is an important element in the maintenance of discipline. However Sports Leaders should have a clear understanding of where and when particular sanctions are appropriate. It should be remembered that effectively controlling organisations and successful Sport Leaders are characterised by the sparing use of sanctions. The age and developmental stage of the child should be taken into account when using sanctions.

Recommended use of Sanctions

Sanctions should be fair, consistent and in the case of persistent offence, should be progressively applied. The following steps are suggested:

- ★ Rules should be stated clearly and agreed
- ★ A warning should be given if a rule is broken
- ★ A sanction (for example, use of time out) should be applied if a rule is broken for a second time
- ★ If a rule is broken three or more times, the child should be spoken to, and if necessary, the parent/guardian should be involved (the parent may need to be involved straight away if the issue is serious enough)
- ★ Sanctions should be used in a corrective way that is intended to help children improve now and in the future. They should never be used to retaliate or make a Sports Leader feel better
- ★ When violations of team rules or other misbehaviours occur, sanctions should be applied in an impartial way
- ★ Sanctions should not be used as threats. If rules are broken sanctions should be implemented consistently, fairly and firmly
- ★ Sanctions should not be applied if a Sports Leader is not comfortable with them. If an appropriate action cannot be devised right away, the child should be told that the matter will be dealt with later, at a specified time and as soon as possible
- ★ Once sanctions have been imposed, it is important to make the child feel s/he is a valued member of the group again
- ★ A child should be helped, if necessary, to understand why sanctions are imposed
- ★ **A child should not be sanctioned for making errors when s/he is playing**
- ★ **Physical activity (e.g. running laps or doing push-ups) should not be used as a sanction. To do so only causes a child to resent physical activity, something that s/he should learn to enjoy throughout his/her life**
- ★ Sanctions should be used sparingly. Constant sanctioning and criticism can cause a child to turn away from sport

Positive Discipline Works by:

- ★ Creating a good relationship with the young people in your charge
- ★ Being a good role model – not swearing or being abusive to opponents
- ★ Positive reinforcement – emphasising behaviour such as being honest, accepting defeat, shaking hands
- ★ Listening to the view of child members and agreeing codes of conduct with them. Children like security and boundaries in which they know they are safe
- ★ Avoid harsh punishment
- ★ Having clear simple rules reducing the amount of 'grey areas' that children can manipulate
- ★ The coach remaining calm and reasonable
- ★ Acknowledging the young person's feelings that they may be or at least perceive themselves as being unfairly treated
- ★ Keep criticisms to a minimum
- ★ Criticising the behaviour not the child.

Do not become trapped in circular arguments which do nothing but reinforce the child's frustration.

Allow children opportunities to 'escape' from a debate about poor behaviour i.e. asking how else they could have dealt with the situation.

Remember bad behaviour is not a personal attack on you or your coaching style but may be more a reflection of the child's limited ability to obtain attention for positive behaviour.

Sanctions

As we mentioned these should be progressive, examples of these could be,

- ★ Discuss the behaviour with the child. If necessary agree a response to compensate for actions (clearing up equipment, washing up)
- ★ Discuss the behaviour with the child and their parent. If something has been broken or damaged financial reimbursement should be considered (even as only a token gesture)
- ★ Agree to review the matter again with child & parent. Depending on the age of the child & seriousness of the incident agree to monitor their behaviour
- ★ Being dropped from the team for one game/match as a sanction should always be discussed with the parent as well as the child
- ★ Being suspended from the team should only be used in extreme circumstances and reasons for doing this should be given in writing to the parents and children (in plain English)

Guidelines On Transporting A Child Or Young Person In Your Car

The issue of transporting children has become very sensitive for sports leaders and parents. Many coaches argue that their club could not operate without the goodwill of volunteers and parents ensuring that children are returned home or transported to events in a private car.

The guidance from the Sports Councils encourages coaches not to take children on journeys alone in their car.

This view has been taken as knowledge has grown of how those who want to harm children has developed. The vast majority of coaches and volunteers will help out through their genuine desire to see children or their particular sport develop. Unfortunately we must face the reality that a minority of others will join a sports club to gain access to children and create an air of acceptability about their role, justifying their close contact with children.

Best practice is clearly to avoid transporting a child alone, but we recognise that in some circumstances it is an essential part of a child's participation in training and competition.

If all alternatives have been exhausted and an adult has to transport a child there are a number of safety measures that Tennis Ireland would recommend should be put in place to minimise the risk:

- Your club should check out all those with access to young people (including drivers) using references, application forms and vetting as advised in this policy
- Parents should be informed of the person who will be transporting their child, the reasons why and how long the journey will take
- A person other than the planned driver should talk to the child about transport arrangements to check they are comfortable about the plans
- The driver must ensure that they have insurance to carry others.
- The driver should attempt to have more than one child in the car
- When leaving children off after a match or training session coaches / volunteers should alternate which child is dropped off last. Ideally two children would be left off at an agreed point i.e. one of their family homes
- The person who leaves children home should be alternated; this would reduce the risk of any one individual from always being alone with the child
- The driver should have a point of contact and mobile phone should they break down
- Ensure that children are aware of their rights and they have someone to turn to or report any concerns they may have. If a culture of safety is created within your club then the child is more likely to talk to another person if they are feeling uncomfortable about a situation
- Children should wear seatbelts at all times. The driver is legally responsible to ensure that a child under 14 in Northern Ireland and under 17 in the Republic of Ireland wears a seatbelt (i.e. the adult would have to pay any fine) but morally responsible to ensure all passengers wear seatbelts
- Late collections. These can present clubs and coaches with particular difficulties. Parents/guardians should be provided with guidelines addressing the issue and outlining their responsibility and the consequences of late collections. Clubs should have contact numbers for parents/guardians and if possible be provided with an alternative contact number. Parents/guardians should have a contact number for the club/coach to inform them of emergencies and possible late collections.

Like all advice these procedures will only reduce the risk and still the best advice is to avoid transporting children alone in a car.

Fire Emergency Procedure

All coaches/volunteers should receive instructions of the fire/evacuation procedures on their first day. The manager is responsible for seeing this is carried out and the procedures fully explained. All visitors to the premises should be advised of how to evacuate the premises in the event of an emergency.

Emergency evacuation skills should be held at least every six months and a written log kept of such drills. An evacuation gives the opportunity to make/ coaches/ child aware of alternative escape routes.

IN THE EVENT OF A FIRE THESE PROCEDURES SHOULD BE FOLLOWED:

On discovery of a fire, however small, the nearest fire alarm call point must be operated immediately. Advise responsible official of the location of the fire.

On hearing the alarm all people who have not been given specific responsibilities are to leave the building by the nearest emergency exit. IF THE BUILDING HAS A LIFT IT MUST NOT BE USED FOR EVACUATION OF THE BUILDING.

If it is safe to do so turn machinery/computers off and close all doors and windows.

The ASSEMBLY POINT IS _____.

If you use the rear exit you should walk on the other side of the road to avoid falling glass/debris.

On arrival at the assembly point please **REPORT TO** the responsible official in charge. Re-entry to the building will be authorised by the responsible official, fire brigade or police.

DO NOT ENTER THE BUILDING UNTIL IT IS SAFE TO DO SO.

DO NOT ATTEMPT TO EXTINGUISH THE FIRE UNLESS:-

It is contained in a limited area for example waste paper bin.

You can do so safely.

You are trained in the use of fire equipment.

Use of Photographic and Filming Equipment

Carrigaline Tennis Club has adopted a policy in relation to the use of images of athletes on their websites and in other publications as there have been concerns about the risks posed directly and indirectly to children and young people through the use of photographs on sports websites and other publications. Where possible we will try to use models or illustrations if you are promoting an activity, and avoid the use of the first name and surname of individuals in a photograph. This reduces the risk of inappropriate, unsolicited attention from people within and outside the sport.

Rules to guide use of photography:

- If the child is named, avoid using their photograph
- If a photograph is used, avoid naming the child
- Ask for the child's permission to use their image. This ensures that they are aware of the way the image is to be used to represent the sport. A Child's Permission Form is one way of achieving this
- Ask for parental permission to use an image of a young person. This ensures that parents are aware of the way the image of their child is representing the sport. A Parental Permission Form is one way of achieving this.
- Only use images of children in suitable dress to reduce the risk of inappropriate use. With regard to the actual content it is difficult to specify exactly what is appropriate given the wide diversity of sports. However there are clearly some sports activities - swimming, gymnastics and athletics for example when the risk of potential misuse is much greater than for other sports. With these sports the content of the photograph should focus on the activity not on a particular child and should avoid full face and body shots. So for example shots of children in a pool would be appropriate or if poolside, waist or shoulder up
- Create a recognised procedure for reporting the use of inappropriate images to reduce the risks to children. Follow your child protection procedures, ensuring both your sports child protection officer and the Social Services and/or Police are informed.

Guidelines for Use of Photographic Filming Equipment at Sporting Events

- Provide a clear brief about what is considered appropriate in terms of content and behaviour, including the displaying of notices at each event
- Issue the photographer with identification which must be worn at all times
- Inform children and parents that a photographer will be in attendance at an event and ensure they consent to both the taking and publication of films or photographs
- Do not allow unsupervised access to children or one to one photo sessions at events
- Do not approve/allow photo sessions outside the events or at a child's home
- If parents or other spectators are intending to photograph or video at an event they should also be made aware of your expectations
- Spectators should be asked to register at an event if they wish to use photographic equipment
- Children and parents should be informed that if they have concerns they can report these to the organiser
- Concerns regarding inappropriate or intrusive photography should be reported to the event organiser or official and recorded in the same manner as any other child protection concern.

FIRST AID ARRANGEMENTS

Carrigaline Tennis Club will endeavour to provide first aid treatment for injury, accidents and cases of ill health during coaching sessions or at competitions. This will comprise suitably trained First Aid person and appropriate equipment and facilities.

- The club committee will seek volunteer(s) who are willing to train as qualified 'first-aiders'. Where this is not possible, other local arrangements will need to be identified and organised by the local club.
- The names and contact details of the first-aiders must be notified to all members of the club. Details should be displayed at prominent locations.
- The first-aiders must all be trained by an approved body. Copies of the certificates must be retained by the club secretary.
- The certificates are valid for 2 years and arrangements must be made for first-aiders to receive refresher training before the current certificates expires.
- First-aiders are not authorised to administer any forms of medication. Any members reporting to the first-aider that they require such treatment must be referred to their own doctor.
- The name of our First Aid person is:

-
- All first aid boxes must have a white cross on a green background. Similarly, first aid facility/ room should be easily identifiable by white lettering or a white cross on a green background.
 - The First Aid signs should be placed where they can be seen (not obstructed from view) and easily identified.
 - First-aiders will have access to fully stocked first-aid boxes. These are to contain only (the following is only a guideline and each organisation must review their own needs as there is no set of regulations as to what a first aid box should contain):
 - Guidance note explaining first aid at work (Such as first aid at work by the HSE)
 - Pad and Pencil- to record condition of person requiring first aid
 - 20 individually wrapped sterile adhesive dressing of assorted sizes
 - 2 sterile eye pads, with attachments
 - 6 individually wrapped triangular bandages
 - 6 safety pins
 - 6 medium sized, individually wrapped sterile un-medicated wound dressings
 - 2 large, individually wrapped sterile un-medicated wound dressings
 - 3 extra large, individually wrapped sterile un-medicated wound dressings
 - 3 pairs of disposable gloves
 - Surgical tape

- Medical Scissors
 - Pocket face mask
 - Crepe bandage
 - Sterile water (where there is no running water available)
 - Burns dressings (where there is no running water available)
- First Aid boxes **must not** contain any medications such as pain killers, creams or eye ointments. Other items such as protective clothing/ equipment can be used e.g. disposable glove, vent-aids.
 - A list of the required contents (as above) and the name of the appointed person or first-aider should be kept within the first aid kit. First-aiders will be responsible for ensuring that the boxes are regularly checked and restocked if necessary.
 - Most of our facilities do not have a designated first aid room. However there should be a room available which could be converted for first aid purposes if required.
 - Notices must be displayed within each building informing people of the means of summoning first aid assistance and of the location of the first aid box.
 - For visitors to the Club premises, the host will be responsible for calling first aid if required. If the visitor is to be unaccompanied, the host should ensure that they are familiar with the means of calling for assistance.
 - Adult club members often take junior teams away. Where this is the case those members should ideally be given 'emergency first aid training' and carry a First Aid Kit in the car. If an emergency arises the club representative will then be able to cope with the situation.
 - Some members carry their own medications such as inhalers for asthma or 'Epipens' which contain injectable adrenaline for the treatment of severe allergic (anaphylactic) reactions, for example to peanuts. These medications are prescribed by a doctor. If an individual needs to take their own prescribed medication, the first aider's role is limited to helping them do so and contacting the emergency services as appropriate.
 - Medicines legislation restricts the administration of injectable medicines. Unless self administered, they may only be administered by or in accordance with the instructions of a doctor (e.g. by a nurse). However, in the case of adrenaline there is an exemption to this restriction which means in an emergency, a suitably trained lay person is permitted to administer it by injection for the purpose of saving a life. The use of an Epipen to treat anaphylactic shock falls into this category. Therefore, first aiders may administer an Epipen if they are dealing with a life threatening emergency in a casualty who have been prescribed and is in possession of an Epipen and where the first aider is trained to use it.
